The World's Largest Paintball Supply Store

National Paintball Supply is proud to be the largest paintball supplier in the world. At National Paintball, we believe in the popularity and affordability of our sport. We don't believe you have to pay more for stocked inventory and great service. We encourage you to shop the marketplace and compare prices. We're confident you'll agree our prices are lower than any other paintball store or mail order outlet in the country.

We hope you're pleased with our catalog. If you need more information on any of our products, it's available to you by calling our mail order experts.

This is your complete National Paintball Supply Annual Catalog. Please save this valuable source book for all your paintball needs.

Satisfaction Guaranteed

We want you to have just as much faith in our products as we do; and we, therefore, stand behind everything we sell. If there are any manufacturing defects return the product, and we'll refund your money in full, replace the item, or credit your account, at our discretion. Our guarantee applies providing instructions are followed completely. Any other reasons for returning an item a 20% restocking fee does apply. Our goal is your complete satisfaction.

Order by Telephone

Call toll-free 1-800-346-5615 in the continental U.S. 9:00 am till 8:00 pm 5 days a week. Phone orders accepted with Amex, MasterCard, Visa, Discover, or COD. Please have your catalog, credit card and item numbers ready when calling.

24 Hour FAX Order Service SAVE \$10.00* with Fax orders

You can order from NPS by FAX. Fax us your completed order form using your credit card for payment. FAX Number (609) 464-1262
*Minimum \$100.00 order & certain restrictions apply.

Order by Mail

You may use the enclosed form or write a letter giving the description and other necessary information so we can fill your order promptly and correctly.

Important: Orders cannot be processed without the complete shipping address, phone # and method of payment. We accept COD's, bank checks, money orders, Amex, Mastercard, Discover, and Visa.

*All credit card orders are subject to a 5% surcharge. Prices are subject to change without notice. We are not responsible for typographical errors. The use of any photograph, registered trade name, and/or trademarks in this catalog is strictly prohibited. Due to the limitations of the printing process, colors may vary slightly. Copyright© 1994.

Same Day Shipping

For just ordering before 2:00pm EST, we guarantee all orders to be shipped the same day. In stock items only, of course. Other UPS services available: Next Day, 2nd Day, 3 Day, Ground Service, & COD which is the quickest, least expensive way to ship.

Gift Certificates

A Gift Certificate from NPS is the ideal present for a paintball fanatic. Send us the name, address and phone # of the recipient & we will send the latest NPS catalog and a gift certificate in the amount you request. You can charge it to your Amex, Mastercard, Discover, or Visa.

Visit our Store!

We're easy to find in Mantua, NJ. See map below. Our store hours are:
M-F 9:00am - 8:00pm
Sat. 9:00am - 6:00pm
Sun. 9:00am - 2:00pm

Directions to Our Store

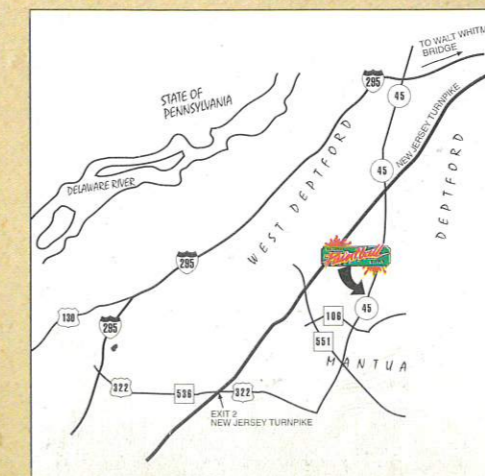

From North Jersey & New York:
Take the NJ Turnpike South to Exit 2 to Route 322 East, to Route 45 North. Go about 3.3 miles and we are located on the left.

From Atlantic City & Shore Points:
Take Route 322 West to Route 45 North. Go about 3.5 miles and we are located on the left.

From Philadelphia & Central Pennsylvania:
Take the PA Turnpike to Route 76 East, over the Walt Whitman Bridge to Route 42 South to Interstate 295 South to Exit 24A onto Route 45 South. Go about 7 miles and we are located on the right.

From the Pocono Mountains:
Take the NE Extension South to Route 76 East over the Walt Whitman Bridge to Route 42 South to Interstate 295 South to Exit 24A onto Route 45 South. Go about 7 miles and we are located on the right.

From Delaware & South:
Take Interstate 95 North over the Commodore Barry Bridge onto Route 322 East to Route 45 North. Go about 3.3 miles and we are located on the left.

GUNS

DIABLO 1

This paintball gun is in service with the U.S. Military as a training weapon. Super accurate 11" honed barrel, adjustable auto-trigger, self-centering hammer, and M-16 receiver. This is one of the most accurate & best built pump guns on the market.

11" Barrel • Auto-Trigger • Adjustable Bolt

01-1-DBL C/A BLDIABLO BLACK 11 INCH C/A

AIR POWER VECTOR 2

The first total performance semi-automatic paintball gun to meet Air Power's exacting standards. This gun derives its amazing accuracy from the patented Venturi Bolt system and a revolutionary slow forward/fast back cycling mechanism which simulates a closed bolt when the ball is fired yet yields the effective rate of fire of traditional semi's. Match this with a push button release, micro honed and polished barrel and you have a gun that is not only accurate and reliable, but is also easy to clean both on or off the field. The pressure sensitive Venturi Bolt prevents ball breakage by disengaging if it meets the resistance of a jammed ball.

•Venturi Bolt System • Push Button Release Upper Barrel Assembly • Auto Stop Bolt for Broken Balls • Black Finish • Elevated Sight Rail • M-16 Pistol Grip • 130 Round Ammo Box

COMPONENT CONCEPTS, INC. PHANTOM

This improved version of a legendary gun continues Component Concepts' tradition of offering a tournament quality, long range, accurate, and dependable pump operated gun. This lightweight and accurate paintgun comes in three barrel lengths; 8" Shadow, 11" Tournament, and 14" Express. It is also available with a 12 gram twist change or constant air adapter.

A closed undercocking system prevents dirt from entering the action chamber and gives this gun a unique look. The gun disassembles easily by removing two thumb screws. Internal parts are electrolysis nickel plated for smooth action as well as corrosion protection.

Interchangeable Barrel • Adjustable Bolt (with rod) • Auto-Trigger • Available with Constant Air Adapter or Quick Change • Choice of Barrels in Black, Blue, Green, Pewter, or Red • Left-hand Version Available • Burnished Aluminum Barrel

- 04-1-CAR-68.....CAR-68 SEMI-AUTO CONVERSION

P-68 AUTO TRIGGER

The P-68 AT is Sheridan's .68 caliber, versatile, quick-handling paintgun. The P-68 AT is built of premium quality brass, stainless steel and aircraft grade aluminum for dependable performance and durability. The P-68 AT comes with honed brass barrel, factory screw mount back bottle and has a direct-feed elbow which creates a rear aiming sight.

- Auto-Trigger • 11" Brass Barrel • 7 Ounce Constant Air Tank • 40 Round Ammo Box • Custom Styled Pistol Grips

- 04-1-P 68 AT.....P68 AUTO TRIGGER

KP3 PUMP RIFLE (NOT SHOWN)

- 11" Barrel • 7 Ounce Constant Air Tank • 40 Round Ammo Box • Wooden Stock with Bottle Bracket and Hose System

- 04-1-KP3 PUMP.....KP3 PUMP RIFLE (W/TANK)

P-68 SPEED CHANGE

The P-68 SC adds improvements to the PGP paintgun such as holding up to 15 paintballs at one time, a speed change, the pump handle placed farther from the trigger guard to allow for fast easy cocking, and an anti-blow back bolt along with a longer barrel.

- 10 1/4" Barrel • 12 Gram Ready (Speed Change) • Custom Pistol Grip • Flat Black Finish

- 04-1-P 68 SC.....P68 QUICK CHANGE SPEED CHANGE

PGP PISTOL

This was the first pump action paintgun produced by Sheridan, in the early days of paintball, and remains a popular entry level/field issue gun today. It is powered by a single 12 gram powerlet loaded from the front of the lower receiver tube.

- 8" Barrel • 12 Gram Ready • Pistol Grip • Flat Black Finish

- 04-1-PGP PISTOL.....PGP PISTOL

VM-68

The VM-68 is Sheridan's first semi-auto. This extremely accurate and fast firing .68 caliber paintgun operates from a blow back, open bolt firing mechanism which automatically resets itself each time the trigger is pulled. It's front end mounted C/A adapter and 10" barrel gives this gun a unique, compact look, and is ideal for indoor or close quarters play.

- 10" Barrel • 40 Round Ammo Box • M-16 Style Pistol Grip • Adjustable Velocity • Camouflage Toned Receiver

- 04-1-VM 68.....VM-68 SEMI-AUTO NO TANK

VM-68 MAGNUM

The VM-68 magnum's options create a tournament level gun, the extra thick "Accu Barrel" gives the player added accuracy. With the added feature of dual bottle capability, the Magnum has an increased CO2 capacity. Add to this list of extras such things as field strip screws, ambidextrous capable feed port, a 7/8" elbow, and you have a superior value in a tournament level Semi-Auto.

- Dual Bottle Setup • 14" Custom Barrel • Field Strip Screws • Sight Rail

- 04-1-VM 68 MAG.....VM-68 MAGNUM SEMI-AUTO NO TANK

TIPPMANN PNEUMATICS, INC. PRO-LITE

Tippmann's reputation as an industry leader in reliability and customer service, this latest contribution by Tippmann is taking the paintball world by storm. If you liked the .68 Special you will love the gas or siphon operated Pro-Lite with it's 500+ shots per 9 oz. bottle efficiency! This fine paintgun is on the cutting edge of paintgun design, with such innovative features as the built-in feeder elbow, which allows direct insertion of most loaders, a front forgrip which slides forward to expose the feed port to allow the use of a cleaning cable. The Pro-lite comes with a new 9 oz. steel bottle.

- Closed Action Receiver to Keep Dirt Out • Highly Efficient Valve System • Heavy Duty Gas Line • Dual Size Sight Rail • Double Safety System • Built-in Bottom Line • 40 Round Ammo Box • 9 oz. Steel Bottle

- 05-1-TI PL PA 9.....TIPPMANN PRO-LITE W/9 OZ.

TIPPMANN PNEUMATICS, INC. SL-68II

This improved version of Tippmann's first and very popular SL-68, has 8 new features designed to improve the gun's performance. Included are a bottom line CO2 system that allows you to aim without face mask interference, a new threaded barrel, fixed front sight, and valve design for improved accuracy. The valve is now machined from solid stainless steel with three precision cut holes for high efficiency. Additional features include an extend pump handle for a faster pumping action and a new receiver end cap for easier cleaning and inspection. One other addition that deserves special mention is the new anti-double feed feature. This prevents more than one ball from being chambered. This is especially nice for field owners and novice players. Original standard features include an extra wide stainless steel trigger and sear, breech side port for easy cleaning of the barrel, combo notched rear sight, scope mount & nylon pump handle.

- Scratch Resistant Hard Anodized Aluminum Receiver • 12" Barrel • Black Finish • Adjustable Velocity

- 05-1-TI SL2 N 7.....TIPPMANN SL-68 2 NO BOX OR TANK

If you don't see an item in our catalog, please call 609-464-1068 and ask one of our paintball experts!

PURSUIT AUTO TRRACER 1

The Auto Trracer is a Nelson based gun, with several outstanding features not commonly found. The 8 5/8" barrel has a foam forgrip and is removable. Its easy take down is facilitated by two field strip screws. The Trracer also sports a european hand grip for easy handling in the field. Spring kits sold by after market companies for Nelson based paintguns will work without a hitch in this fine weapon.

8 5/8" Barrel • European Grip • Ammo Box

06-1-TRC AT SETRRACER AUTO TRRACER SEMI-AUTO

PURSUIT TAGMASTER 2

Now you can be the leader...the new Trracer Tagmaster puts American high-tech in your hands...affordably!

This new tournament style "under-cocker" utilizes internal pump rods, eliminating pumps arms, screws, and slots. The sleek, sealed receiver body and in line CO2 filter keep the action clean, smooth, and trouble free so you can focus on the game. The Trracer Tagmaster incorporates the patented Tru-Flow™ valve which improves durability and gas efficiency. The adjustable velocity bolt provides easy adjustment for use in any climate or altitude.

8 5/8" Barrel • European Grip • Ammo Box

06-1-TRC TMS MD TRRACER TAGMASTER DELUXE NO TANK

PURSUIT TRRACER BOX 3

The Trracer is a Nelson based gun, with several outstanding features not commonly found on other Nelson based paintguns. The barrel is removable and easy take down is facilitated by two field strip screws. The Trracer weighs in at 1.4 lbs. without a C/A tank. The gun also features a European grip, and a 8 5/8" barrel. Spring kits sold by after market companies for Nelson based paintguns will work without a hitch in this fine weapon. The Trracer is a great bargain for the now or the experienced player.

06-1-TRC BOX MDTRRACER BOX MODEL

MONINEEL DESIGN ICON Z-2 4

With its dark anodized aluminum alloy construction, this semi-auto gun is one of the most physically appealing guns on the market. The brass lined barrel simply inserts into the receiver and is then held in by tightening a field strip screw. Velocity can be readily adjusted by inserting an allen wrench into the access hole in front of the trigger guard. The superb open bolt blow back action of this gun sets it apart from many other semi's. The action is one of the smoothest and is described as "positive yet light". The Z-2 uses a siphon bottle to achieve one of the best velocity consistencies available. It's a tournament quality device with a very bright future.

Lightweight Receiver and Components • Brass Lined Barrel • Adjustable Velocity • Removable Barrel • M-16 Pistol Grip • 11" Barrel • Bolt on Feed Port • Black Finish

07-1-ICON Z-2 RHICON Z-2 SEMI-AUTO RIGHT HANDED

AIRGUN DESIGNS AUTOMAG

The 68 Automag is a blow forward semi-automatic paintgun. The laser engraved logo, vented barrel, and hi-tech design exudes quality. The Automag weighs 3 lbs. without a constant air tank, and is 17" in length including the 10" standard barrel. The barrel is a "twist lock" design and is installed by sliding the barrel into the main body and rotating until you find the detent pin, then pushing forward to lock the barrel into place.

The Automag is manufactured using stainless steel and comes in either gun metal grey or black. The velocity regulator is located in the rear of the gun and can be turned easily by hand without the C/A tank installed. Once the pressure of the CO2 tank is applied, the velocity can no longer be adjusted; this is a nice feature that will not allow adjusting during a game. Field stripping the Automag is easy, by just removing one thumb screw, you can then slide the whole valve body out in a matter of seconds.

The C/A tank can be attached via a remote line, when the player carries the tank in a harness, or directly mounting an Anti-siphon C/A tank into the C/A adapter. The Automag comes with a View Loader™, instruction manual, video instruction tape, extra O-rings, lubrication oil, allen wrenches, and a bumper sticker.

The Automag has been extensively tested and is extremely accurate at a wide range of distances. Clearly the Automag is a quality paintball gun, designed for the serious player who wants accuracy and dependability.

08-1-AUT P/F BL68 AUTOMAG POWER FEED C/P BLACK 5
08-1-AUT P/F SL68 AUTOMAG POWER FEED C/P SILVER 6
08-1-AUT STD RH68 AUTOMAG STANDARD

AIRGUN DESIGNS MINIMAG

The Minimag is a take off version of the full size Automag. This compact design is definitely for those players that want a small sized gun with big fire power. Loaded with the same features as the standard Automag w/ p/f & c/p, this paintgun is top quality, ready to play.

08-1-MNI P/F BL68 MINIMAG POWER FEED BLACK 7
08-1-MNI P/F CH68 MINIMAG POWER FEED CHROME 8
08-1-MNI P/F SL68 MINIMAG POWER FEED SILVER 9

"Paintball was the best stress reliever I have ever experienced! I recommend this sport for all company outings."

F-2 ILLUSTRATOR 1

This gun represents an improvement over the outstanding F-1 Illustrator. Improvements include a bore drop, breech in barrel system to improve accuracy. A tool is no longer required to remove the bolt. A rubberized forgrip also gives better control. An adjustable screw for power spring tension makes velocity adjustment simple and can be done right at the chronograph station. The cocking bolt has been moved to the top of the gun to create an ambidextrous cocking mechanism. A thicker, stronger, hardened tool steel connecting pin, stronger gas transfer system and reinforced ball drop tube combine to create a gun with incredible durability. All of this and a faster barrel removal system create the next step in super efficient and proven paintgun technology.

Superior Air Efficiency • Ported Barrel with Built-in Muzzle Break • Maintenance Kit • Barrel Plug • Ammo Box

09-1-F2 ILL BLK.F2 ILLUSTRATOR SEMI-AUTO *NO BOTTLE

WGP AUTO COCKER REGULAR 2

The WGP Auto Cocker was the most dominant paintgun on the 1991 tournament circuit with teams like Ironmen, Tour De Force, Navarone, and Constant Pursuit all playing and winning with this gun. The Auto Cocker is unique in that it is the only semi-auto that fires from a closed bolt. This allows the Auto Cocker to shoot as accurately as the best pump gun in the world, but with a devastating rate of fire. The Auto Cocker is sold as a basic unit (gun and barrel only) as there are endless ways for a individual to set up this gun.

Removable Barrel • Adjustable Velocity • Built in Sight Rail • Semi-Auto

10-1-WGP REG AC...WGP AUTO COCKER REGULAR NO BOTTLE

WGP MINI COCKER 3

This is a smaller, light weight version of the Auto Cocker. It comes with a 20 oz. tank, elbow adapter, barrel plug, and braided hose to the back bottle adapter. The Mini Cocker is perfect for the player who wants a smaller paintgun with all of the performance of a larger one.

Black Anodized Finish • 20 oz. Anti-Sipbon Tank • Barrel Plug • 8" Green Anodized Aluminum Barrel • 200 Round View Loader • Semi-Auto

10-1-WGP REG MCWGP MINI COCKER CA & 200Z TANK

WGP SNIPER MINI PUMP III 4

This is the gun that made Budd Orr famous. The Sniper is one of the most enduring pump guns in the history of paintball. With tack accuracy, and unfailing reliability even after 10's of thousands of rounds, this lighter, smaller version of the original Sniper features a bottom line and adjustable velocity. It also has a sleek new trigger assembly.

Removable Barrel • Adjustable Velocity • Built in Sight Rail • 12 oz. Tank

10-1-WGP SN P 3.....WGP SNIPER MINI PUMP III

BOB LONG'S SIGNATURE SERIES A/C 5

The speed will maintain a 5 fps variance. The gun works at 400 lb. pressure. it will shoot farther than any gun on the market. The gun has the newly designed Bob Long bolt, J&J Ironman Tournament Barrel, and a 45 Receiver with all the custom trigger work. It also comes polished blue anodized, with an Air America Thumper. The gun is designed to make the ball more aerodynamic. The gun has an all custom RAM 3 way Rock Regulator, Nelson spring kit, and a custom valve & ball detent. Gun exclusively designed and used by Team Ironmen.

10-1-BL S/S AC.....BOB LONG'S SIGNATURE SERIES A/C

STORM 6

The Storm is an open bolt, blow-back semi-auto paintball gun designed to satisfy the needs of entry-level to tournament-level players. Both the cocking handle and the feed system of the Storm may be reversed for right and left handed players. Constructed to be durable, the Storm features an all metal receiver, trigger housing and internal components, but remains lightweight - at just over two pounds (gun only). Fully equipped, the gun weighs just 5 pounds.

Weight Construction • Superior Air Efficiency • Semi-Automatic • Maintenance Kit • Barrel Plug • 130 Round Sight Feeder

11-1-STRM BLK.....STORM WITH 130 RD. LOADER BLACK

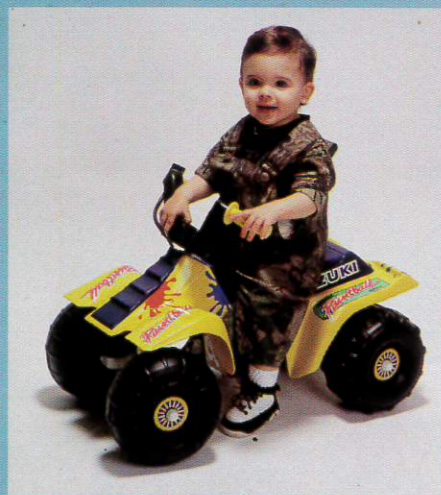

11-1-STRM GRN.....STORM WITH 130 RD. LOADER GREEN

“Pro-Ball is the most accurate paint on the market. Out of 28 cases in the Dallas Open '94, we had only two balls break!”

*Bob Long

SCOTT USA

These goggles offer a full mask setup that is comfortable to wear and yet offers complete protection during play. The "Panoramic" lens provides 30% more peripheral vision than other goggles on the market. Scott Goggles use either single or thermal lens systems. Ear protectors are built into the mask. The large lower face shield curves back under the chin, providing complete coverage of the lower chin and neck area, yet not sacrificing freedom or movement. The 5 lug retention system solidly secures the lens to the face mask. The elastic head strap adjusts easily to fit most head sizes. This mask system from Scott is gaining in popularity everyday with novices and experienced players alike.

"I wouldn't shop anywhere else for my paintball needs."

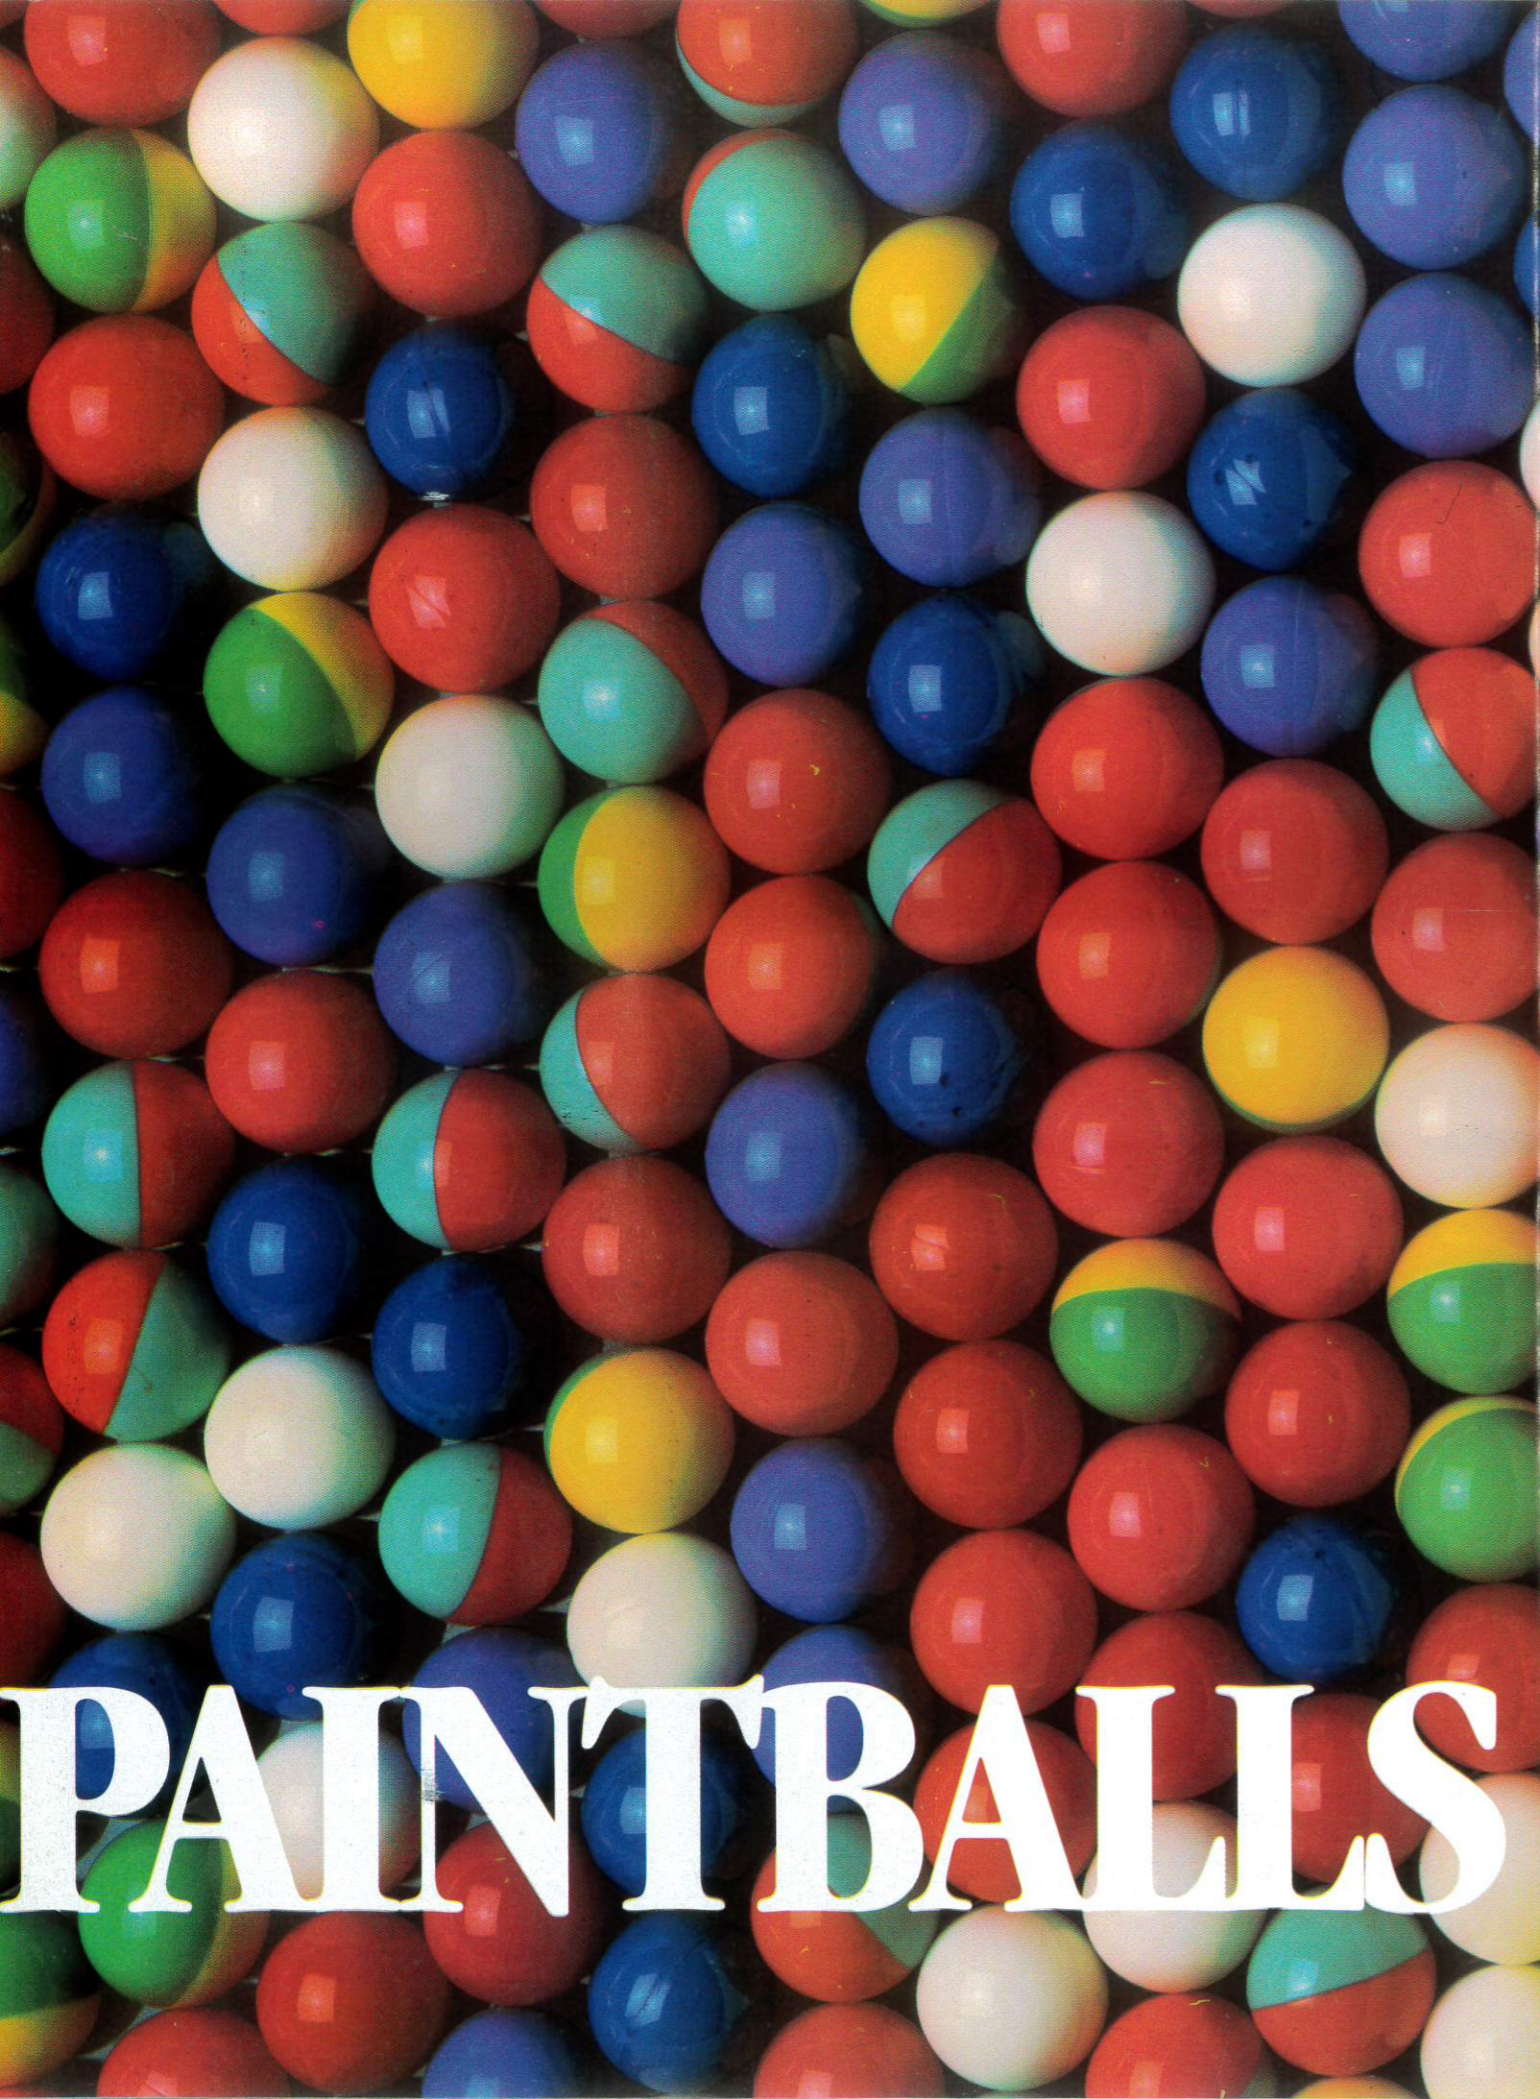

Indian Springs quick load supertubes accommodate any fanny pack system to provide you with quick refills.

National Paintball Supply is one of the largest distributors of paintball equipment in the world. We got that way by providing the best service to thousands of customers. Customer satisfaction is very important to us at NPS. You, our customer, are the single most important part of our business.

No one can afford to be without a squeegee. A "must-have" accessory for all players. Also, keeping that squeegee handy can mean the difference between winning and losing a game. **National Paintball Supply** carries a selection of squeegee holders that provide quick, easy access to the squeegee of your choice.

PAINTBALLS

PRO-BALL PAINTBALLS

One of the best selling premium grade paintballs throughout the U.S., Europe, Canada, and Australia. This outstanding paintball is available in over a dozen different colors, marks great, washes out easily, and comes in three quantity configurations. Player Packs, Point-of-Sale cases, and standard bulk cases.

FLEX HONE EQUIPMENT

The Flex Hone Airsmith Kit for advanced airsmiths provides all the tools necessary to finely tune a .68 caliber barrel and valve tube for increased range and accuracy. Kit contains three 3.68 Barrel Grits, two Valve Tube Grit, one 6.4mm Valve Tube Hone, one Flex-Wash Brush, and one Quart of Hone Oil.

The Flex-Hone Pro Model Kit for advanced airsmiths provides all the tools necessary to finely tune a .68 caliber barrel and valve tube for increased range and accuracy. Kit contains three 3.68 Barrel Grits and one Pint of Hone Oil.

The Flex-Hone Single Kit will greatly improve the range and accuracy of your .68 caliber barrels. This self-centering polishing tool is designed for use with a variable speed drill and uses a mild abrasive to produce a nearly friction-free barrel. For use with barrels under 14" and requires the specially formulated Flex-Hone Oil, a lubricating and cutting oil.

ORDERING INFORMATION

UPS IS OUR MOST COMMON FORM OF DELIVERY; SO A CLEAR PRINTED ADDRESS IS NECESSARY.

ALL SHIPPING CHARGES ARE BASED UPON THE WEIGHT OF YOUR ORDER, AS WELL AS THE ZONE IN WHICH YOU LIVE. C.O.D. IS THE QUICKEST, LEAST EXPENSIVE WAY TO SHIP.

MAIL ORDERS CAN BE PAID BY C.O.D.'S, VISA, MASTERCARD, DISCOVER, OR AMERICAN EXPRESS. CREDIT CARD ORDERS ARE SUBJECT TO AN ADDITIONAL 5% SURCHARGE.

ALL MAIL ORDERS OVER \$100.00 WILL BE INSURED.

THERE IS NO MINIMUM PRICE FOR OUR MAILING ORDERS. BUT ANY ORDER UNDER \$50.00 WILL BE CHARGED A HANDLING FEE.

THE COST OF YOUR C.O.D. TAG IS INCLUDED IN YOUR SHIPPING PRICE.

ALL ORDERS RECEIVED BEFORE 2 P.M. EST WILL BE PROCESSED AND SHIPPED OUT THAT SAME DAY.

ANY ORDER THAT IS RECEIVED AFTER OUR UPS DAILY PICK-UP WILL BE SHIPPED WITHIN THE NEXT 24 HOURS. YOUR ORDER WILL BE RECEIVED, DEPENDING UPON YOUR ZONE, BETWEEN 2 TO 10 WORKING DAYS.

WE OFFER EXPRESS AND SATURDAY EXPRESS DELIVERY IF REQUESTED.

ALL PRICES MENTIONED IN THIS CATALOG ARE SUBJECT TO CHANGE WITHOUT NOTICE.

Dave Youngblood
Paintcheck's 1992
Player-of-the-Year

We're Talking Inventory

When it comes to inventory nobody stocks more product than National Paintball Supply. From the latest in weaponry and ammo to camo gear, safety equipment and everything else in between.

THE WORLD'S LARGEST PAINTBALL SUPPLIER

As the largest distributor of paintball supplies in the world, we can not only offer you a wider array of products, but the lowest prices on all of your paintball needs.

THE CHOICE OF PROFESSIONALS

When professional paintball players like Dave Youngblood need supplies they turn to National Paintball Supply. The pros know that every piece of equipment they receive is the highest quality which they can find.

CALL TODAY

Make National Paintball a part of your team today. Give us a call and let us show you how enjoyable the sport of paintball can be.

THANK YOU FOR SHOPPING AT NATIONAL PAINTBALL SUPPLY!
