

PASSION FOR PAINTBALL™

15
YEARS

VALUE, CREATION, AND PERFORMANCE

ARTHUR CHANG
FOUNDER & CEO

A LETTER FROM THE FOUNDER

Dear Paintball Enthusiasts,

This year we are celebrating our 15th year anniversary in the paintball industry. Spyder has come a long way, continuing to be the most popular brand in paintball. To our consumers, Spyder means value, creation and performance. We take pride in being behind this powerful name and are committed to take it to the next level.

We are in relentless pursuit of innovation in paintball. This year we are introducing the all new generation of Classic E-markers, the Pilot with Eye and the Electra with Eye. We are also revising our MR series, VS series and RS series giving you more choices to suit your needs. Again, we want to surpass your expectations by bringing you the greatest paintball markers.

Besides introducing the latest paintball products to the market we are also playing an important role in promoting Paintball sport worldwide. Spyder is the main sponsor of the nationwide major leagues, Millennium series, NPPL, Asian league and all the southern hemisphere leagues. We take the utmost pride in expanding the Spyder Cup 2008 into 7 regional events in North America. Once again the grand prizes are 3 brand new cars.

We thank you for your continuous support and loyalty to Spyder brand paintball. Spyder will continue to provide you with a full line in all categories: markers, apparel, paintballs, loaders and accessories to meet all your needs for the game.

Enjoy the sport and play safe.
